Functions of the Committee

1. To implement and monitor infection prevention and control practices throughout the hospital.
2. To establish, review and strengthen Hospital Acquired Infection (HAI) surveillance systems.
3. To ensure compliance with Biomedical Waste Management Rules and related guidelines.
4. To monitor sterilization, disinfection, sanitation and environmental hygiene practices.
5. To implement and monitor the Antibiotic Stewardship Programme.

6. To review infection control audits and recommend corrective actions.
7. To conduct training, awareness and capacity-building programmes for healthcare workers.
8. To formulate, review and update infection control policies, SOPs and guidelines from time to time.

This order shall come into force with immediate effect and shall supersede all previous orders issued on the constitution of the Hospital Infection Control Committee to the extent of inconsistency.
